## **Clothing Donation Program**

Members are requested to donate **New or Lightly used clothing** to this program. Clothes to be donated can be brought to the center during our Sunday program. The clothes basket for donating the clothes will be placed near our information desk along with the instructions. The donations will go to The CLOTHESLINE project based in New Brunswick for the homeless people.

- New or Lightly used clothing can be donated
- Please make sure that the clothes are clean and without stains or tears
- Any size clothing can be donated

Please also encourage friends and family to donate clothes to this program. When you visit your friends or relatives, kindly make it a point to ask them whether they have any clothes they can donate to this program. With your help we hope we can make this a great service activity.
